# Indulge This February

*With great treatment and product offers*

Hi everyone. I hope you are making the most of our sunny days and 2012 is still going great for you. This really is a year to look after ourselves and take time out. As time goes too fast and we all go flat out. STOP and pamper yourself. Enjoy the sun on your face (make sure you wear your sunscreen though), the breeze in your hair and the sound of the birds, we really need to enjoy the little things. Take care and we look forward to seeing you soon.

## WAKE UP TO MAKE UP!

Permanent Make UP does not have to look drawn in. In fact, once the procedure has settled down (approximately 2 weeks) it looks more natural than if you used traditional makeup. These procedures are excellent for busy people, those that cannot apply make up, poor eyesight, bleeding lipstick, watery eyes, uneven or no eyebrows, the list is endless.....

Jan has been specializing in permanent makeup for the past 12 years, having trained both in the UK and America. Jan ensures clients are comfortable throughout their treatment.

**During February we are offering you a free patch test and consultation. Worth \$50.**

Book now so you can enjoy the benefits of not having to apply time consuming and dissolvable make-up during the summer months!
